## **HOW TO USE THIS GUIDE:**

This information has been compiled for use by Carlsbad residents and others seeking cultural services in Carlsbad, North County, and the greater San Diego area.

If you are an artist seeking opportunities, support or assistance, you will find organizations that serve your discipline as member associations, presenting organizations, facilities or support service agencies. There are a number of different opportunities for visual artists to have their work presented in San Diego County. Most galleries have their own criteria and procedures that guide the process and selection of artwork.

If you are an individual or organization seeking facilities, performance opportunities, partnerships, support services, you will find local performance and exhibition venues, membership associations for the performing arts and the visual arts, and local agencies serving the cultural needs of residents of San Diego County.

Individual artists such as painters, musicians, etc. are not included in this Guide, due to the ever-changing nature of individual information. Schools of instruction conducted as businesses are not included; these may be found in telephone company directories. Readers seeking instruction courses in the arts are also encouraged to check out local Recreation Department classes for adults and youth.

If you are a parent or teacher seeking arts education services, or a representative of a group seeking culture or entertainment programs, you will find the organizations that represent the most comprehensive and professional producers of arts programming in our region.

Every effort has been made to provide the most accurate and useful information on the organizations included. Listing in the Arts Yellow Pages does not indicate a recommendation or guarantee with regard to the quality of resulting contacts and services.

If you would like to be included in this in this guide or if information incorrect, please contact the Cultural Arts Office at (760) 434-2920 or [www.carlsbadca.gov/arts](http://www.carlsbadca.gov/arts). Staff will review the Arts Yellow Pages on a quarterly basis, and will update information at that time.

We hope you find this resource helpful.

Mingei is a special word increasingly used throughout the world for "art of the people." It was coined by the revered scholar Dr. Soetsu Yanagi through combining the Japanese words for all people (min) and art (gei). His teachings awakened people to the essential need to make and use in their daily lives objects which are unfragmented expressions of body, mind and spirit.
